The number of face-to-face consultations: 4,616

The number of telephone consultations: 1,846

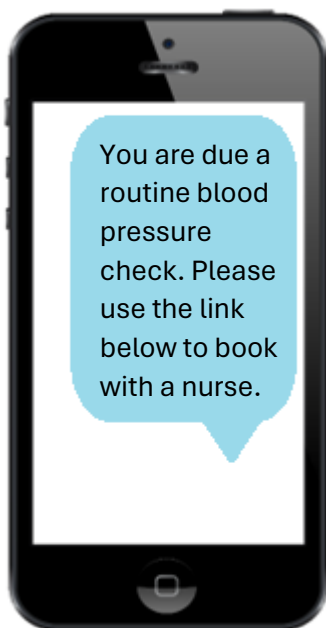

The number of home visits: 154

The number of physio appointments: 237

The number of cervical smears the practice nurse done: 70

From Monday 3rd June there will be a 'school street' scheme starting at the junction with Youngs Road up to Horns Road during term time between the hours of 08:00-09:15 and 14:30-16:00. During those times you will not be able to drive along this section of road. Please use alternative routes to the surgery. A £130 penalty charge (PCN) will be issued for any vehicle entering this area during the time periods noted. The surgery is not liable for any penalty charges and unfortunately will not be able to reimburse patients.

Help us to help you.

If you received text messages from the surgery, please respond so we can keep your health record as up to date as possible with this important information.

Change to how we contact you

We will now be contacting our patients via emails and the NHS app along with text messages. Please ensure we have your email address saved in your contact details and also to download the NHS app.

Please make sure your contact details at the surgery are your most up to date information.

Are you in a mental health crisis?

Importance of attending review appointments

If you're invited to have a review for your long-term condition, it's important to attend. During your review appointment, we'll check how you're managing, and you'll get the opportunity to discuss any concerns or new treatment options available.

Benefits of a Long-Term Review

- regular monitoring
- early detection
- medication optimisation
- education and support
- preventive measures

Remember that these reviews are tailored to your specific condition and individual needs. Regular participation in them contributes to better overall health and well-being.
